

Our Trust Standards

To ensure that we have equity and a consistency across our schools, whilst allowing for each school's unique style and character, we have developed our Trust Standards.

These are not minimum standards but the standard to which we will work to ensure that all pupils and students have the same standard in whichever school they attend, in Abingdon Learning Trust.

Reflecting our educational priorities, we have developed the Pupil Premium and SEND Standards first, with Teaching and Learning and ICT following on.
